Change Your Perspective

How many of you, at some point in your Forever Business, have faced a feeling of self-doubt or frustration? I'm sure that this has happened to all of you – it's something that I've certainly experienced, especially when I was starting Forever years ago. There were plenty of people who doubted the power of Aloe Vera or that a company could

help millions around the world look and feel better and experience financial freedom.

We can't always control our situation, but we can control how we choose to view it.

Abraham Lincoln once said, "We can complain because rose bushes have thorns, or rejoice because thorn bushes have roses."

We can either be discouraged when someone doesn't share our view of the Forever opportunity or says "no" to starting their own Forever business or, we can change our perspective.

What if you viewed that same interaction positively? You had an opportunity to practice your business presentation, share your favorite products or share your passions. Many of you probably said "no" to Forever the first time because, it wasn't the right time for you. When the time is right, those people will remember your passion, your dedication and your drive.

Our subconscious is incredibly powerful. You would be amazed at what you can accomplish when you find the positive instead of the negative. It's not always easy. Sometimes it seems that more and more people are choosing to focus on the negative. The important thing to remember is that it is a choice! If you look for the positive, you will find it and if you look for the negative, you will find that, too.

We have seen people accomplish amazing things in our business by changing their perspective. Instead of focusing on the people who didn't believe in Forever in the beginning, we focused on the one's that did and look what we've been able to achieve!

Forever Yours,

Rex Maughan
CEO

Failure as a Spring Board for Success

Features

In this edition of the newsletter, we feature unforgettable pictures and first-hand account from the Global Rally in Singapore as well as the special Success Day showcase in Accra which was chaired by the President of FLP, Mr Gregg Maughan with Mr Jackson Adagala (Director of Operations, Africa) in attendance. There are also features on the newly introduced Essential Oils, testimonies of success and an insight into Probiotics and Prebiotics that help to keep a perfect balance for digestive health. We also have information about Move Ups on our Marketing Plan and the Forever 2 Drive incentive.

Face Failure Head-On

In the course of everyday life, we often come across situations of failure that demoralises us and make us lose confidence in ourselves. In fact, oftentimes, it is not even the failure itself that put us down but rather the fear of failure. The fear of failure has made cowards out of many of us and shattered the dreams of otherwise very bright people with great prospects. The fear of failure immobilises many from taking the actions that will bring them glory and success.

The fundamental mistake we often make is to see failure as something that defines who we are. We fear that if we make an attempt at anything and fail, we will be stigmatised forever as failures. Consequently, we do not even make the attempt let alone, fail! This is sad. We fail to realize, as the renowned writer, Elbert Hubbard said, that “the greatest mistake you can make in life is to continually be afraid you will make one”.

We must see the failures we face in our lives as the springboard to enable us achieve success. It is from these failures that we are toughened up to face life's many perils and conquer them on our journey to success. We

can liken these failures to the uncomfortable and painful four stages (egg, larva /caterpillar, pupa /chrysalis and adult) that a butterfly must go through in order to emerge as the beautiful multi-coloured winged insect, soaring high and rising above all of the layers that it had to shed along the journey. Without going through this metamorphosis, a butterfly cannot emerge.

Similarly, it is crucial for one to go through failures, learn lessons and spring forth to success. Otherwise, one's success cannot be long-lasting and enduring but only transient. When success is earned on a silver platter, at the slightest sign of trouble, one will crumble as it is not built on a strong foundation.

As advised by Oliver Goldsmith, “our greatest glory consist not in never falling, but in rising every time we fall”. John Maxwell, in his book, 'Your Road Map for Success', opined that “successful people focus on the rewards of success: learning from their mistakes and thinking about how they can improve themselves and their situations”. On the other hand, the former French leader, Charles de Gaulle puts it this way, that “a man of character finds a special attractiveness in difficulty, since it is only by coming to grips with difficulty that he can realize his potentialities”

Usually, when one is about the hit gold or experience phenomenal success that is when failure sets to dissuade or detract one from pursuing or achieving that success. Many centuries ago, the great Chinese Philosopher and poet, Lao Tzu preached that, “failure is the foundation of success; success is the lurking

place of failure”. This was echoed by the great American author, Napoleon Hill, when he expounded that “failure is a trickster with a keen sense of irony and cunning. It takes great delight in tripping one when success is almost within reach”. All Forever Business Owners therefore need to pursue their dreams irrespective of failures and set-backs they may encounter because those challenges are clear signs that success is at-hand. You are about to achieve your dreams. Just keep on, learn from your mistakes and failures and success shall soon be your portion.

Smile

As always, remember to smile and bring some sunshine into the life of someone. You can't change your life if you don't change your thinking. So change your thinking, change your actions and change your life positively! We greatly appreciate the role you play as Forever Business Owners and are so proud of you. Keep up the good work! Success will surely smile at you as you pursue your dreams relentlessly.

GLOBAL RALLY 2015

THURSDAY
DAY
1

The Forever Living Global Rally kicked off at the Marina Bay Sands with the help of over 7,000 Forever Business Owners! Aidan O'Hare exploded onto the scene with his 'Light It Up' speech, setting the stage for an exciting day! As FBOs watched, an orchestra erupted with dramatic music and bright lights swept the stage for our new product launch! At the same time, a beautiful lemon scent permeated the air, bringing with it incredible energy. Finally, the curtain dropped, and Forever™ Essential Oils were revealed!

On day one alone, we gave out 514 Chairman's Bonus Checks to our amazing FBOs! Andrew O'Hare, VP of Digital Technologies shared the exciting new companion app for FLP360°, which allows FLP360° subscribers to access and build their business at their fingertips! As the day continued, we were inspired by testimonials from our global leaders and a very special training by none other than Jayne Leach on how you can build your business with Forever Essential Oils!

FRIDAY DAY 2

Forever is the greatest opportunity in the world, and through the success of our business, we are grateful to be able to give back. Sometimes, it is in the form of a Chairman's Bonus check, and other times, it is through philanthropy. On Day 2, Rex, Gregg and 1,000 of Forever Living's finest volunteered their time to create over 285,000 meals for poverty-stricken regions of Southeast Asia, in partnership with Forever Giving and Stop Hunger Now. Our volunteers were extremely moved by the opportunity to personally give back and with the knowledge that the next time a box of meals was opened it would be provided to a child or family who truly needed it.

Day 2 of Rally began with a beautiful review of the flawless by Sonya™ product line. The brand was represented in perfect style, complete with high fashion runway models, stunning dancers and fantastic product training by Scandinavia's Jeanette Magnusson and Germany's Pia Gerstenmaier. As the day went on, the Chairman's Bonus check sizes grew, reaching \$250,000! With the help of some of our new Sapphire Eagle Managers, we released the destination for Eagle Manager Retreat 2016: Costa Navarino, Greece!

SATURDAY DAY 3

The final day of Rally always means a couple of exciting things – the next Global Rally destination reveal and BIG CHECKS! Two of the seven hundred and fifty checks awarded this year were over one million dollars each! Traditional Chinese lion dancers assisted with the colorful presentation of Jayne Leach and John Curtis' check, and Rolf and Dominique Kipp, the first and only 20K GLT members, were awarded with a custom tailored trip to London. After everyone had been recognized for their hard work, and the checks were tallied, a stunning total of \$24,488,586 was awarded in Singapore! France received the 2015 Spirit Award, and the top three countries were announced with a brand new number 1 country - the UK!

What an amazing week! But before we could close the book on Global Rally 2015, we had one more exciting announcement! Global Rally 2016 will be in Johannesburg, South Africa! We can't wait to see you there!

TOP 5 WORLDWIDE CHAIRMAN'S BONUS RECIPIENTS

Without a doubt, the most exciting Forever incentive is the Chairman's Bonus. Each year tens of millions of dollars are presented at Global Rally to qualifying FBOs. At the 2015 Global Rally in Singapore, the Chairman's Bonus checks awarded on stage totaled a staggering \$24,488,586!

Forever™ Essential Oils

Since 1978, Forever Living Products has worked to source the purest natural ingredients found all over the world and create the highest quality products available on the market today. Working with a team of scientists, farmers, aromatherapists and botanists, the Forever Living team traveled throughout the world to find and source nature's purest ingredients.

Nature's Purest Ingredients

Forever™ Essential Oils are selected, harvested and produced with the highest quality in mind. Mineral content of soil, climate, location and sustainability are all considered when choosing a location to source the botanicals, fruits, herbs and plants that become Forever™ Essential Oils.

After harvesting, essential oils are extracted from these carefully selected crops primarily using steam distillation and cold pressing. Each essential oil is extracted from a specific part of the plant including blossoms, fruits, seeds, leaves and even bark and roots. The plant part used and extraction techniques are distinct to each type of oil. The end result is nature's purest botanical essence, harvested especially for you.

The Power Of The Senses & Aromatherapy

The human senses are incredibly powerful and greatly affect thought, mood and many other brain functions and work together to help support our perception of our surroundings. Undoubtedly, one of the most powerful senses is the sense of smell. The brain's olfactory receptors, cells located in the back of the nasal cavity, are linked directly to the limbic system in the brain, which supports emotion and memory.

It's no surprise given the power of our senses, that the therapeutic benefits of aromatherapy are widely celebrated.

Essential oils and aromatherapy have been utilized by many ancient cultures and were described in writing as early as the 1st Century as a way to help naturally support the body, stimulate the senses and help people look and feel better.

FOREVER™ ESSENTIAL OIL SINGLE NOTES.

Forever™ Essential Oils include three of the most popular and globally recognized single notes: Lemon, Peppermint and Lavender and three synergistic blends.

LEMON | 507

Forever's lemons are harvested by hand and carefully cured until they reach the perfect ripeness. When this happens, the lemons become juicer and the highest quality essential oil is produced. Forever Living provides nature's purest Lemon Oil to uplift and energize.

**100% PURE.
100% POWERFUL.**

PEPPERMINT | 508

Forever™ Essential Oils Peppermint is extracted from plants that have been grown and harvested by the same farm for generations. These plants have a naturally higher menthol content, providing the cooling effect that Peppermint is known for.

**100% PURE.
100% FRESH.**

LAVENDER | 506

Grown and harvested in Bulgaria due to ideal climate and soil, Forever™ Essential Oils Lavender contains high levels of linalyl acetate, which gives lavender its fruity sweet aroma and high levels of terpenes. Forever Living provides nature's purest Lavender Oil to soothe, relax and calm.

**100% PURE.
100% PEACE.**

FOREVER™ ESSENTIAL OIL BLENDS.

Blends are each made of carefully selected oils paired together in perfect proportion with powerful results. These evocative blends are gathered from the best sources throughout the world and blended for the highest potency. Forever™ Essential Oils includes Forever Carrier Oil, Forever Tri-Pak and Forever Essential Oil Bundle.

SOOTHE | 511

Forever™ Essential Oils Soothe Blend provides a perfectly balanced combination of nature's purest Wild Mint, Wintergreen, Camphor, Ylang Ylang and Chamomile specially blended to penetrate and soothe.

TESTIMONY OF SUCCESS

ERIC GYAPONG
Manager

I joined Forever Living Products on part-time bases through my upline Mr. Gabriel Kwaku-Duah in May 2014. I believe God has been so good for showing me the greatest opportunity in the world and assisting me to become a Recognized Manager just 10 months in this business.

Three months after joining FLP, I was encouraged by my mentor, Senior Manager, Mr Nodjo Francis to attend last year's success day held in August at La Palm Royal Beach Hotel in Accra which happened to be the 10th Anniversary of Forever Living Products in

that the more I attended trainings the more I embraced the new concept of doing business in the 21st century which FLP offers. Thus, attracting higher earnings as opposed to our traditional way of working for someone with less earnings. I made sure I shared whatever I got with my team members and prospects. I would emphasize here that, for 10 months continuously since joining FLP, I did not miss weekly, local, regional and national trainings and my senior upline always made sure I did not miss. What happened was that, some months after the success day,

Ghana and in fact I got touched by hard working individuals who were recognized that day. Immediately after the programme, I began to change myself for things to change in my business. I relied on the support FLP gives in terms of training, materials, etc. and I realized

things began to transform positively in my business and my life.

Indeed, FLP is a life transforming opportunity for individuals who want to improve their lives. FLP is transparent and the opportunity is awesome and cannot be compared to any other Multi-Level Marketing Company. I would like to appreciate my spiritual father, Bishop Daniel Obinim for always supporting me in prayers throughout this journey. I thank Mr. Rex Maughan, CEO of FLP and our country manager Mr. Michael Bofo for making this opportunity available for us. I would also like to appreciate the effort of my family, my upline Senior Manager Nodjo Francis for coaching me and always availing time to help; and Manager Angela-Kwawu Amenyoo; Staff of Kumasi FLP office and all my success team members across the country especially the Bibiani team. I would like to end by this quote "Some people want it to happen, some wish it would happen and others make it happen" where do you belong? Thank you.

DAWUDA ALHASSAN
Manager

My first thanks goes to Almighty Allah for bringing me this far in the business and for attaining the level of recognized Manager. This is a dream come true!!

I started this business at a time of dire financial constraints. As a professional teacher with over 11 years teaching experience, I had no money to start the business and also my wife had just delivered. However, I did not allow this to kill the vision I saw at the FLP presentation. As the saying goes "where there is a will, there is

always a way", I went and borrowed GHc150 from a colleague of mine and started the business on faith on a part time bases. When I started the business, a lot of people discouraged me and told me that it would not work in the north simply because other people tried and failed. But I refused to allow the opinions of other people to rule me and went on. I must admit that at some point in time I also started doubting myself in the business until I met my mentor Senior Manager Julius Ayimasu who encouraged me and reignited my zeal for the business.

My first bonus was GHc46 and the second was GHc102. I then sat and did a thorough analysis and projected that if I spent five(5) years in the business I could be earning thousands of Ghana cedis. My projections had come to pass but I am not yet 5 years in the business. Indeed, FLP is really pure and simple. I was a borrower before Forever, but now by the grace of God, I have stopped borrowing from colleagues because my part time FLP business pays me every 15th of the month,

and my full time JOB pays me every 30th of the month. To my surprise, my part time FLP business now pays me 4 times my salary in my full time JOB. So when my colleagues are seriously complaining about salary delay and increment, I rather smile. Thank God for helping me to discover the FLP opportunity.

I encourage all Ghanaians who doubt the FLP opportunity to take a critical look at it for a second time. And to my colleague FBOs, I advise that we should be patient with the system and only try to be persistent, and consistent with the daily routine activities. We should also move out of the comfort zone and try to do what other people are not willing to do.

I want to take this opportunity to thank all my uplines especially Senior Manager Julius Ayimasu, Soaring Manager Elizabeth Amoah, Senior Manager Adnan Abubakari, Sapphire Manager Oscar Mills, Soaring Manager Reynel Ampofo, Karim Tahidu, Godfred, Baba, Hamza Tahidu, Issaka, Karim from Yendi, Mr David from Bolga, Kasim Atiko from Yendi, and all the Eagle Team FBOs in Tamale and Bolga. I also want to thank Rex Maughan and our dynamic Country Manager, Mr Michael Bofo for finally bringing the FLP opportunity to the north. Thank you and Almighty God see us all to the top.

Testimonies of Success

ABU BAKARR KANNEH
SNR. EAGLE MANAGER / FOREVER2DRIVE QUALIFIER

My name is ABU BAKARR KANNEH from Sierra Leone. Before Forever, life in general had been so terrible for me. Two years down the line, Forever has brought huge changes in my life and the life of my entire family. Being a Senior Eagle Manager and a Forever2Drive Incentive qualifier on the marketing plan means a lot of money. I didn't do it alone through the hard work, commitment and unity of the entire team (Cteam C), we won!

I am dedicating this great achievement to the entire FBOs in Sierra Leone as this is just the beginning of our success in Forever. Together, we can always bring such results home and prove to our numerous prospects that Forever is real and it is the best vehicle to a better life than you can imagined. I want to specially thank my upline Agnes Ann Warimu Gitu and Mr. Daniel Nyatigi for the support and courage they always gave to me. A special one, also, goes to Mr. and Mrs. John I. B. Sesay, Mr. and Mrs. Sahr Doe, the entire staff of Forever Sierra Leone and the entire FBOs in Sierra Leone. One love! One word and together we can always achieve more in Forever.

ZACKRIYA BAIMBA KAMARA
SNR. EAGLE MANAGER/FOREVER2DRIVE QUALIFIER

My name is ZACKRIYA BAIMBA KAMARA also known as "ZACKFOREVER". I have been in network marketing for 5 years. From 2008 to mid 2013, I was a distributor for four(4) network companies but I didn't realize my dream until Forever Living Products was introduced to me by my upline Abu Bakarr Kanneh and his upline Agnes Warimu from Kenya on November 22, 2013. I looked at the marketing plan and found it generous to its distributors and I immediately developed interest. I signed onto Forever. On December 4, 2013 and I started my business. Out of the first four people I brought into the business, two became Managers in five months. With hard work and seriousness in the business, I was able to attain the following levels on the marketing plan: January 2014 I became a Supervisor, February I became a Manager, April my first team member Elizabeth Isatu Wilson became my first Manager, my second team member Abu Bakarr Saccob became a Manager in May, then I became a Senior Manager. In August 2014 I got my third Manager team member Dalton Atterre Robert. In April I qualified for the Forever2Drive Incentive. Before Forever, I did not have even a bicycle but with Forever Living Products I am now driving a specially made VW Golf Car in the city of Freetown, Sierra Leone with registration number FLP 001. With Forever, my life has changed. Today I'm proud of living a happy life with my family. All of my children are attending good schools; schools that I was unable to send them to before. I have also helped family members and friends to change their lives too with the Forever business. I have also achieved Eagle Manager status, a prestigious level through the effort of my entire team members and I.

Special acknowledgement to the master God almighty for giving my team members and I the energy and courage to work as a team. I would like to complement my team members for working with me closely to achieve these goals. I would want them to achieve all the incentives in Forever and I hope to see them next year in South Africa and Greece.

The Perfect Balance

Over the past few decades, a variety of ingredients have been researched, bringing new innovation to foods and supplements designed to support digestive health.

In fact, the amount of research being conducted on probiotics has grown exponentially in the past 10 years. Between 1990 and 1999, there were just 300 peer-reviewed studies on probiotics published... compare that to the more than 5,300 articles published between 2000 and 2009, and over 6,100 in just the last 5 years!

So what's all the buzz about? What exactly are probiotics, and what do they do for you?

Essentially, probiotics are the "good" or "friendly" bacteria that line your digestive tract. They produce vitamins, enzymes and biochemical messengers that help boost your immune system and promote healthy digestion. There are a lot of different species and strains of these "good guy" bacteria, but only those that are known to have a beneficial effect on health are considered probiotics.

Today, many foods and supplements contain only one or two types of probiotics. This is a great start, but there are a variety of probiotics that provide different types of health benefits.

For example, some probiotics produce B Vitamins, some produce Vitamin K and some produce the messenger chemicals your body needs to "turn on" or activate your immune system. There are even others which produce their own natural antibiotic chemicals to help destroy the bacteria that might find their way into your gut.

Forever Living Products recognizes the important role that beneficial probiotic bacteria play in human health and the need for probiotic supplementation.

As a result, our scientific team created **Forever Active Probiotic®**, a unique probiotic supplement which contains **six beneficial strains** of probiotics, including two species of Bifidobacterium and four species of Lactobacillus, all well-researched for their probiotic capabilities.

These beneficial bacteria work synergistically to support both digestive health and overall health. In addition, Forever Active Probiotic utilizes an

releasing them only after they have reached the desired destination of the intestines. How cool is that?

Forever Living also understands the important role that Aloe can play in overall health. One of the many studied roles of Aloe is its potential ability to act as a prebiotic. Prebiotics are essentially “food” for the probiotics and support the growth of the important friendly bacteria.

By combining our **Forever Aloe Vera Gel**® with Forever Active Probiotic we create a perfect blend of support for optimal digestive health.

DID YOU KNOW?

Forever has the seal of approval from the International Aloe Science Council!

Our team of scientists has patented our processes to ensure that only pure, stabilized Aloe Vera Gel is the primary source of our amazing products. Imagine slicing open an Aloe leaf and consuming the gel right from the plant... you can come as close as possible to doing just that by drinking our Aloe Vera Gel.

Our patented, stabilized Aloe Vera Gel is just as fresh and pure as nature intended. In fact, our products were the first to be awarded the International Aloe Science Council's Seal of Approval.
